

Chain of Custody Declaration

Working Together for New Jersey - Election Integrity -

INSTRUCTIONS: This form is used to document possession and custody of the Voter Registration Walk Lists, Statement and Declaration of Facts Forms, and any supplementary notes produced during door-to-door canvassing to verify the Voter Rolls. Upon initial receipt of "pdf" documents (the Walk Lists), the initial recipient completes the first copy of this form. During and after door-to-door interviews are conducted and you document your findings, you must keep your records together and under security so that you can attest that they have not left your custody. Any time you transfer any documents to a coordinator or leader, you AND they must sign a new Chain of Custody Declaration to confirm the transfer – and all such forms are to be kept with the documents themselves. When any documents are transferred to a final recipient, again a new form must be completed documenting the transfer.
